

ADC All California Defense Summit

Building Strong California Defense Communities

Hosted by: The Governor's Military Council of California

Sheraton Grand Hotel, Sacramento, CA

August 7-8

adcregionalforum.org

Uncertainty in Washington, uninterrupted budget challenges and a looming round of base closures are having serious and lasting impacts on defense communities and military installations. In face of these challenges, leaders across the country and on both sides of the fence line are working together to find solutions and ensure that their communities remain resilient and ready to support America's military. But the challenges – and solutions – that work in one place may not work for all communities.

In California, the economic development and defense support needs can be just as unique as the culture, people and national security missions that call the region home.

ADC's Regional Events Series is bringing community and industry leaders from across the west coast for a first-of-its-kind, two-day event to gather intelligence on the latest activities in DOD and on Capitol Hill, and the impact they have across California. This is also your chance to hear from other nearby community leaders facing similar challenges and share what works and what doesn't.

Registration for the All California Defense Summit starts at \$50 for early bird registration. Click [here](#) to register online.

WHO SHOULD ATTEND?

- Local and state government officials
- Regional planners
- Air Force, Army and Navy leadership
- Military families
- Local business leaders
- Education professionals
- Civic planning commission volunteers
- Non-profit leaders
- *Anyone concerned about how decisions in Washington DC will impact military installations*

ADC All California Defense Summit
