Emerging Themes of Military Value

Speaker:

This featured keynote address will discuss the impact of the 2018 National Defense Strategy on the assessment of military value for Navy and other installations and ranges in California. The introduction of new technologies and enabling capabilities such as 5G will redefine what is considered a high priority by the U.S. Navy for the selection of a military base to receive a new mission. Local communities and military commanders must work together now on infrastructure improvements to compete for new missions.

- Hon. Lucian Niemeyer, Acting Assistant Secretary of the Navy for Energy, Installations, and Environment

Spouse Licensure and Reciprocity and Military Families

Learn about challenges facing military families in California and the collaboration between the services, local and state government, and private organizations to resolve these issues.

Moderator:
